Marine accidents around the world – Marine accidents have been occurring ever since men started to set sail. The custom of the trade has been systematized over time, and later, by the middle of the 19th century, the navigational standards emerged primarily as regulations for preventing collisions at sea.

Shipping Accidents, damage assessment & accident consequences

The prevention of road accidents is also extremely important and will be ensured by strict laws, by technical and police controls, ongoing training for drivers (especially those involved in the transport of dangerous substances) and, if need be, by legal and administrative penalties for those responsible.

Road Accidents - Causes and Prevention Techniques

Mary was on her way to work early in the morning. She had many things on her mind that morning, the morning her accident occurred. The first thing she saw was a huge shadow that came over her; her next

memory was the sound of squealing brakes. Then there was a huge impact. Mary awakened in a daze. She was unsure how long she had been lying there.
