

color chart colored pencil pdf

A pencil is an implement for writing or drawing constructed of a narrow, solid pigment core inside a protective casing which prevents the core from being broken and/or from leaving marks on the user's hand during use.. Pencils create marks by physical abrasion, leaving behind a trail of solid core material that adheres to a sheet of paper or other surface.

Pencil - Wikipedia

The Hex Chart is a digital download designed to show the visual color relationship between Copic marker colors. The ability to compare light tints of similar colors, or dark shades of them, is now at our fingertips!
