2 1.1 What is Google Docs? While most people use Google as a search engine to find information on the internet, Google has created numerous other services or “applications”™ to assist computer users, often providing them free of charge.

Introduction to Google Docs

Databases. The Universal Licensing System (ULS) database downloads for specific wireless radio services are available as zip files and are updated weekly.

Daily Transaction Files: Downloads: Databases

Wireless communication, or sometimes simply wireless, is the transfer of information or power between two or more points that are not connected by an electrical conductor. The most common wireless technologies use radio waves. With radio waves distances can be short, such as a few meters for Bluetooth or as far as millions of kilometers for deep-space radio communications.
