

the 80 20 principle pdf

The Pareto principle (also known as the 80/20 rule, the law of the vital few, or the principle of factor sparsity) states that, for many events, roughly 80% of the effects come from 20% of the causes. Management consultant Joseph M. Juran suggested the principle and named it after Italian economist Vilfredo Pareto, who noted the 80/20 connection while at the University of Lausanne in 1896, as ...

The 80 20 rule is one of the most helpful concepts for life and time management. Also known as the Pareto Principle, this rule suggests that 20 percent of your activities will account for 80 percent of your results. This being the case, you should change the way you set goals forever. Later, he ...

In the above example (h/t Young Patriarch) we can see the comparison between a naturalistic, Hypergamous socio-sexual order contrasted with an idealized socio-sexual structure. The Sexual Freedom model mirrors the 80/20 rule, while the Regulated model is representative of an idealized structure designed with the intent to evenly justify pairings according to a distributive monogamy.
