Border reivers were raiders along the Anglo-Scottish border from the late 13th century to the beginning of the 17th century. Their ranks consisted of both Scottish and English people, and they raided the entire Border country without regard to their victims' nationality. Their heyday was in the last hundred years of their existence, during the time of the Stuart Kings in Scotland and the Tudor ...

1.1 Processing a Stylesheet. An XSL stylesheet processor accepts a document or data in XML and an XSL stylesheet and produces the presentation of that XML source content that was intended by the designer of that stylesheet. There are two aspects of this presentation process: first, constructing a result tree from the XML source tree and second, interpreting the result tree to produce formatted ...
