The urbanization experience of countries across Eastern Europe and Central Asia is quite unique, and for several reasons. To begin with, most of these countries attained high-urbanization levels under a centrally-planned system, in which non-economic factors were pivotal in shaping the spatial ...

Cities in Eastern Europe and Central Asia: A Story of

The process by which the empire waned, and from when its decline can be traced, is a matter of scholarly debate. In some cases, the entire history of the Byzantine Empire has been portrayed as a protracted period of decline of the Roman Empire. This holds especially for Enlightenment era writers such as Edward Gibbon, author of *The History of the Decline and Fall of the Roman Empire*, published ...

The decline in amphibian populations is an ongoing mass extinction of amphibian species worldwide. Since the 1980s, decreases in amphibian populations, including population crashes and mass localized extinctions, have been observed in locations all over the world. These declines are known as one of the most critical threats to global biodiversity, and several causes are believed to be involved ...
