*The Future of Man* is a magnificent introduction to the thoughts and writings of Pierre Teilhard de Chardin, one of the few figures in the history of the Catholic Church to achieve renown as both a scientist and a theologian. Trained as a paleontologist and ordained as a Jesuit priest, Teilhard de Chardin devoted himself to establishing the intimate, interdependent connection between science—particularly the theory of evolution—and the basic tenets of the Christian faith.

*The Future of Man* documents the proceedings of a Symposium held at the Royal Geographical Society London, on April 1, 1971. This book deals with choices that man makes or may make, attempting to understand the paradox that the more man knows about himself and the environment the more baffling and controversial his choices become.
