No issue has ever raised more controversy among people as that of life and death. And no issue the scientists have ever meddled in by introducing unveracious knowledge as the issue of life and death! This is because death is a metaphysical matter to us, and we should seek the knowledge and characteristics of whatever is unknown only from

that death itself may (or may not) be meaning-less. Nevertheless, it is apparent that the fact of death profoundly impacts our understanding and experience of meaning in life. Although it remains unknowable, death's relationship to life is essential and as profound as the relationship of darkness to light. Death need not illuminate life,

can transfer man from death to life, or can stop his journey from life to death. Mankind and all the creatures in the universe are incapable to grant life or inhibit death. Life and death are two antitheses. He, who is in life, surely is not dead and he, who is in death, is surely not alive. Each has his rules and his own world.
