

### **the mass media and pdf**

The mass media is a diversified collection of media technologies that reach a large audience via mass communication. The technologies through which this communication takes place include a variety of outlets. Broadcast media transmit information electronically, via such media as film, radio, recorded music, or television. Digital media comprises both Internet and mobile mass communication.

The Media Bureau plays a key role in promoting innovation in the media marketplace, as it develops, recommends, and administers the policy and licensing programs relating to the media industry, including cable television, broadcast television, and radio.. It also handles post-licensing matters for satellite services and releases public reports on the data collected from the industry.

### **Media | Federal Communications Commission**

In media studies, media psychology, communication theory and sociology, media influence and media effects are topics relating to mass media and media culture effects on individual or audience thought, attitudes and behavior.. The influence of mass media has an effect on many aspects of the human life. This can include: voting a certain way, individual views and beliefs, or even false ...
